LOGLINE:

Neobična avantura djevojčice i robota vanzemaljca koji imaju zadatak spasiti njenu djelomično vanzemaljsku obitelj.

Extraordinary adventure of a girl and an alien robot in a mission to save her partly alien family.

SYNOPSIS:

Život djevojčice Une sasvim se preokrene kada njezina djeda otmu vanzemaljci. U podrumu kuće slučajno otkrije da je djed i sâm vanzemaljac čiji se brod davno srušio na Zemlju, a tu je ostao i njegov pilot, mali mrzovoljni robot. Njih dvoje imaju manje od 24 sata da pronađu i spase djeda.

The life of a little girl named Una turns upside down when her grandfather is abducted by aliens. In the basement of her house she accidentally finds out that grandpa is himself an alien whose ship fell on the Earth a long time ago. His pilot, a grumpy little robot, stayed here as well. The two of them have less than 24 hours to find grandpa and save him.
